

## Universal Changing Table Comparison Chart

### Which Changing Table is Right for my Project?

- **For new construction:** Height-Adjustable, Has safety rails, Supports at least 400 pounds, the changing surface is a minimum of 70" x 30".
- **For retrofitting:** same as above, except a changing surface narrower than 30" is acceptable if the standard size will not fit in the existing restroom.

**Inquire with product distributor for exact pricing, shipping and discounts.**
